DEPARTMENT OF MATHEMATICS

REPORT OF THE JAM COACHING 2019

Realising the need to improve the progression of students into higher education especially into the prestigious institutes, the department of mathematics with the initiative of D.L. Jyrwa, Asst. Prof. of the department started to train the 5th semester students of the department for the JAM entrance test to be conducted in the month of February, 2020 by IIT, Kanpur.

The JAM COACHING 2019 was started in the month of August 2019 and ended in October 2019. Classes were taken for a duration of 1 hour (from 3:30pm to 4:30pm) for three days every week. Though attendance was not made compulsory, the turnout to the coaching was reasonably good every week. Around 80% to 90% of the topics in the JAM syllabus was covered. The classes were arranged in such a way that it prepares the students for fast calculation without missing the key concepts that are involved. This was achieved through a number of problem solving sessions and through the past question papers that were distributed to all the students who attended the classes.

The Coaching proved to be a success when 2 of the students who were present for the coaching were able to clear the JAM examination in 2020.

i.e. Kyntilang Lyngdoh and Robertnistar Wahlang.

Both of these students were offered to join IIT, Guwahati.

Feedbacks were collected from the students in April, 2020 via Google Forms.
